

DESIGNER SERIES FAN-LIGHTS

NuVent's Designer Fan-Lights are the perfect combination of powerful airflow performance and sophisticated style—an elegant solution for ventilation in any bath.

The Designer Fan-Lights are available as complete units or as an upgrade to any M Series Fan-Light. And for baths that require additional lighting, special "light only" kits are also available to create extra lighting in the bath.

Antique Brass

White

Oil-Rubbed Bronze

Available as complete units, upgrade, or "light only" kits.

PRODUCT FEATURES

- bright light for any bath provided by two 60W incandescent bulbs or two energy efficient compact fluorescents (not included)
